DUBLIN CAMPAIGN AGAINST WATER CHARGES

DON'T PAY THE WATER CHARGES!

PUBLIC MEETING

Thursday 26th May, 8.00pm, Killinarden Community Centre

SPEAKERS

CYRIL JOHNSON **(Chairperson Killinarden Community Centre)**
ANNE-MARIE BRADY **(Cushlawn)**
MARY SMITH **(Socialist Worker)**

ORGANISE

The government are spending £10 million to do up the building in Dail Eireann. But they want us to start paying for our water.

We already pay too much in tax. If there is a shortage of money for the local authorities, it should be gotten from the super-rich. Dunnes Stores, for example, already owe the state over £100 million in back taxes.

If we start paying water rates now, they will start to put in water meters in the future. This is what has happened in England.

The only answer is non-payment. Water rates were defeated in the 1980s this way. We can do it again.

For more details, leaflets and poster contact the campaign on the phone number below:
